

## LED Highbay 200W

HUGO introduces the essential 200W Highbay. Developed for the mass market and suitable for most applications. Latest generation introduces system efficiency of 150 lumens per watt.

We have managed to reduce running temperature resulting in longer life by:

- Introducing the latest technology of LED Chips
- Increasing the heat dissipation by introducing a convection hold design
- Superior heat sink ADC12 aluminium

Dust Cover (HB2DST) available as accessory

Supplied complete with flex and plug for quick installation

### Key Features

- IP65 rated
- Complete with 1.5m flex & plug
- Working Temp -30°C to +45°C
- Anti Surge 4KV
- LED Life 50,000hr (TM21 70)
- Instant on/off no cooling re-strike time
- Lens: Polycarbonate
- IES Files (Refer Website)

Dust Cover HB2DST

SKU Code	HB201-5
Input	AC 120 -277V
Wattage	200W
Lumen	29,000
Dimensions	D: 330mm, H: 188mm
Weight	3.2KG
Dimmable	No
CRI	80+
Driver	Integral
Colour Temp	5,000K
Warranty	3 years
IK	IK10
Beam Angle	90°
PFC	>0.90
Material	ADC12 Aluminium, Black Finish
IP	IP65
Cable	1.5m with Plug
LED Life	L80B10 50,000 Hrs
