MKL425 4W 230V LED MARKER LIGHT

Very modern and popular design for an LED Marker Light. The tear drop shape makes a soft illuminated area on the ground.

Generally recommended to be mounted around knee height and popular in hall ways and stair ways. Latest LED technology using Samsung 230V direct supply LED chips. No need to determine how to wire the LED and where to put the LED Driver.

Suitable for double switching as this is common down hall ways.

Good size terminal blocks for ease of wiring.

KEY FEATURES

- 230V (NO DRIVER REQUIRED)
- Lumen output 346 Lumens
- 3,000K colour temperature Warm White
- Long Life 40,000hr
- Easy installation
